

Dear Families,

We have revised our Shared Learning based on recent feedback. Every two weeks your child can choose a different project from this list to complete for shared learning to be handed in on Thursday at the latest ready to show on a Friday. Each activity will be awarded housepoints. The projects can be completed in any order.

We hope you have fun completing these tasks together!
KS1 Team

PROJECT 1: Love of Others

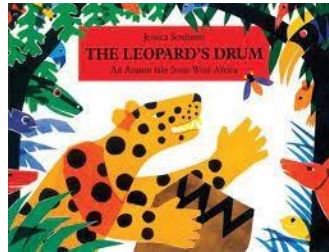

Find a book which encourages us to show 'Love of Others'. Complete a simple book review to recommend it to your peers and to explain how it encourages us to look after others.

PROJECT 2: Love of God's World

- Consider the different parts of a plant that we eat e.g. root - carrot, stem - celery and leaf - lettuce. Plant seeds to grow three vegetables where we eat different parts of that vegetable.
- Read the book Oliver's Vegetables (can be accessed online) and try as many different vegetables as you can.

PROJECT 3: Love of Self

Find a coin of each denomination and learn how to put them in order from the lowest value to the highest value. Do a coin rubbing to show your learning.

Shared Learning Summer

PROJECT 7: Love of Self

- Visit your local Library. Introduce yourself to the Librarian and join the Library if you are not already a member.
- If you have done the above, continue to enjoy the Library. Record your reading in the Reading Record. Which book did you like best and why?

PROJECT 8: Love of Life!

Tell, show, draw, demonstrate, design or create a project on a topic of your own interest which shows you love life!

PROJECT 3: Love of Others

- Use your Purple Mash log in (inside your Reading Record front cover) to explore Purple Mash with your family. Remember to save anything you do in your 'My Work' folder, date it and mark on this sheet that it is done.

PROJECT 4: Love of God's World

Linking with our topic of Tropical Rainforests, research sustainability issues that relate to these areas of the World. Present your findings in an interesting way to enthuse your class mates.

PROJECT 5: Love of Self

- Make a paper plate clock and use it to learn to tell the time on the hour and half past the hour.
- Learn to do a new outdoor activity which makes you really proud e.g. Riding your bicycle without stabilisers or learning to skip etc.

PROJECT 6: Love of God

Research the Islamic Creation Story and compare this to the Christian Creation Story.
